

CNC CYLINDRICAL GRINDING MACHINE

PREMATO

Optional Accessories :

- In process gauge.
- Dust collector.
- Self centering 3 jaw hydraulic chuck.
- Tool storage cabinet.
- Paper band filter/Coolant tank with magnetic coolant clarifier unit.
- isolation Transformer.
- ABC:- 500mm
- Center Height :- 180mm
- Box Axis & 1 Spindle controlled by Fanuc controller & AC servo motor
- LM guideways for infeed slide
- In feed Rate:- 0.001mm
- Rapid Feed Rate:- 7000mm/ min
- In feed traverse:- 100mm
- Positioning Accuracy:- 0.001mm
- Wheel head Spindle:- Cartridge type spindle fitted with P4 grade matched pair antifriction medium pre-load bearings

Above Machine is available with Hydraulic, PLC & CNC Version as per customer requirement.
